### Customer

Is the PureTag solely for Colour code purpose (no text)?

### Available Colour's

Red	Yellow	Blue	Brown	Grey
White	Green	Orange	Violet	Black

Is the standard Aflex information required on the PureTag? If No then this information will be supplied etched on the ferrule, marker ring or flat tag, please state if you have a preference on this.

### For example

Aflex Hose Ltd 01422317200  
 1" Phar:AS,SS,SI,PURETAG-EC  
 WP/TP 16/24 bar Date 10/10 Sn 123456  
 Tag No 1234567890abc

Yes / No

### Colour of PureTag (with Text)

available colours are

Black Text White Background	Black Text Silver Background	Gold Text Black Background
Black Text Green Background	Black Text Red Background	Black Text Yellow Background
Black Text Blue Background	Red Text White Background	
Blue Text White Background	White Text Black Background	

**Customer Tagging information (30 characters, including spaces, per line - 5 lines max)**

**Note.** More than one tag may have to be used or the font size reduced from our standard size, this could reduce the clarity of the text

**Does this information need to be supplied with the Standard Aflex Information**

**Number of tags per hose assembly** (if more than one required please state the required position of tags)

### Position of tag

(Standard position would be 100mm from back of ferrule)

### Other information

If you have a requirement which is non standard please contact Aflex Hose Ltd to discuss further options
