

Tri-Canada

Custom Stainless Equipment

Tri-Canada fabricates highly polished custom stainless steel equipment for whatever applications you require. Examples shown are all fabricated from type 316L stainless steel, highly polished on all areas of possible product contact. You tell us what you need and we'll make you a sketch for approval and fabrication. Delivery times of less than one week for straightforward items.

7033 Telford Way #20
Mississauga, Ontario
L5S 1V4

Tri-Canada
